Johnson County Sunday Evening Net Script

All stations on frequency this is ______ calling the Johnson County Sunday Evening Net. My name is ______ and I am located in _____.

This net meets every Sunday evening at 7:30 PM. local time on the WØJV repeater 146.85 MHz in Iowa City. Please set your access tone to 192.8 Hz. The net is a directed net. It is, however, informal; we encourage participants to share ham radio news. Stations with emergency traffic may break in at any time by using the words "break" or "break emergency" along with their call sign.

I will now call the roll of those who frequently check in. Please acknowledge with your call sign and let me know if you have traffic. Net control will pick up all traffic at the end of the roll call and will then reopen the net for additional check-ins with or without traffic.

- ROLL CALL
- TRAFFIC
- CALL FOR ADDITIONAL CHECK-INS OR QUERIES ABOUT TRAFFIC
- OTHER SUNDAY EVENING NETS
 - After this net: 10-meter single-sideband group, 28.4 MHz (USB)
 - 8:00 PM: The Jones County ARES Net, 145.39 MHz repeater with a 77 Hz access tone.
 - 8:30 PM: Johnson County ARES Net, 147.15 MHz repeater with a 192.8 Hz access tone
 - 8:30 PM Delaware County ARES Net, 147.300 MHz repeater, no tone required.
 - Monday 8:30 PM University of Iowa ARC Net, 146.85 MHz repeater with a 192.8 Hz access tone

Please see the Iowa City Amateur Radio Club web site at <u>www.icarc.org</u> for additional nets, frequencies, club news, and announcements.

Final standby for stations still waiting to check in.

This completes the Johnson County Sunday Evening Net. We had _____ participants including net control and stations checking in via relay. Wishing you all a good evening and thanks to all who have participated tonight. Thanks to the Iowa City Amateur Radio Club for the use of the WØJV repeater, which now returns to regular amateur use. This is ______ closing the Johnson County Sunday Evening Net, 73 and clear.
