Please send a flat-file of the station callsigns that checked in this evening to the ICARC mail address: icarc@n952.ooguy.com at the conclusion of this evenings net. The net roster will then be updated to reflect the most recent checkin dates in next weeks roster. (The address is intentionally broken across lines to make email address harvesting difficult).

The filename should look like this: "ICARC\_Checkins\_2026-JUN-10.csv" with the date fields adjusted for today.

The JAN-18 is what needs to be updated. All that is needed in the file are CALLSIGNS, all other data is stored in the master-file on the ICARC website. Names, when needed are usually obtained from QRZ.com
